The Force Bill, &c. [Special telegram to the Dispatch) Washington, February 26 .- The galleries of the House to-night are crowded to overflowing with an audience interested in the debate on the force bill. There will be no action to-night beyond speech-making. As yet it cannot be known what amount of strength will develop in favor of this mea-Louise, of the Richmond, York River and sure. Mesers, Blaine and Garfield are expected to make speeches against it to-morrow. The cooler-headed Republicans consider this bill as the heaviest load the party has yet been cilled upon to earry. Many of them fear to be outspoken in opposition to it, and are willing to be led by Butler and company to their own destruction.

to the appropriation bills. The evening session was assigned to debate on the "force bill," and the previous question is to be called on it to morrow.

The House went into Committee of the Whole on the sundry civil appropriation bill. The proceedings on the bill were dry and uninteresting. The items for purchasing Miss Ransom's picture of General Themas and Carpenter's picture of the signing of the emancipation proclamation, at \$10,000 and \$25,000 respectively, were stricken out on a point of order, and one for Miss Vinnnie Ream's statue of Admiral shirts, made to order, and perfect fit guaranteed, by Farragut inserted, the latter being under a contract.

When the committee rose the bill was not being on an appropriation to pay the expenses of the suit to recover possession of the New Idea quicksilver mines-the famous McGarahan claims.

The session to-night was for debate only on the "force bill." SEMME'S PURE RYE violent action at Vicksburg justifies Gov-WHISKEY" selected by myself, and find it free ernor Ames in calling on Grant for troops. The minority report shows that the whites of Vicksburg pay about ninety-nine per cent. of the taxes, which are collected and dis-

bursed by negroes. The city debt in 1869 was \$13,000; now \$1,400,000. This burden has been imposed by reckless legislation upon a population of 10,000, less than half of whom are white. A corrupt and infamous ring, composed of negroes, has existed in Vicksburg and county several years, who by forgeries, peculation, and systematic frauds upon the revenue, have impaired the credit, impoverished the people, and augmented the taxes to practical

confiscation. Sheriff Crosby and the tax-collector were personal friends of the corrupt officials, and by manipulating the juries rendered convictions impossible. The Tax-Payers' League was organized irrespective of party. Crosby's bonds were worthless, and the tax-payers bad a right to demand his resignation; which was voluntary, and not the result of violence or threats. The killing of two whites and twenty or thirty negroes was owing to the attempt of the negroes of Warren'county to invade Vicksburg, which act was advised by Crosby at the instigation of Governor Ames. The action of the whites at that time was fully justified by nature's highest law-self-preservation.

A Victory for the Democratic Senators Washington, February 26 .- It is conceded that the Democrats in the Senate have gained a substantial and great victory by allowing the debate on the civil-rights bill to close Saturday afternoon, after which the limited debate is to continue indefinitely on amendments.

H. R. STEVENS, Fsq.: Dear Sir,—I have been hadly affilted with Kidney Complaint for ten years; have suffered great pain in my back, hips, and side, with great elfficulty in passing urine, which was often and in very small quantities, frequently accompanied with blood and exeruitating pain.

I have raithfully tried most of the popular remedies recommended for my complaint; I have been under the treatment of some of the most skilful physicians in Boston—all of whom prosounced my case incurable. This was my condition when I was advised by a friend to try the VEGETINE, and I could see the good effects from the first dose i took, and from that moment I kept on improving until I was entirely cured, taking in all, I should think, about six boulles. about six boules.

It is indeed a valuable medicine, and if I should be afflicted again in the same way, I would give a collar for a dose if I could not get it without Respectfully.

All kinds of operations were performed on my eyes, and all to no good result. Finally the disease principally settled in my body, limbs, and feet, and at times in an aggravated way.

Last summer I was from some cause weak in my spine and kidneys, and it was at times very hard to retain the urine. Seeing your adveils the out to the Commercial. I bought a bottle of VEGETINE and commenced using according to directions. In two H. R. STEVENS: Dear Sir .- In expressing my

After using four, or five bottles I noticed it had a wonderful effect on the rough, scaly blotches on my body and legs. I still used VEGETINE, and the humorous soies one after another disappeared until they were all gone, and I attribute the cure of the two diseases to VEGETINE, and softhing else.

If I am ever affected with anything of the kind again I shall try VEGETINE as the only reliable remedy. Once more accept my thanks, and believe me to be very respectfully.
